Kindaruma Hydro Power Station,

P. O. BOX 205, 60100

Embu.

Dear sir/madam,

RE: EDUCATIONAL TOUR

This is a request letter seeking permission to have 30 electrical engineering students from our institution to have an educational trip in your plant on **Friday 6th may 2022**. This tour will enable them grasp more of what they learn in class through real life situation, thus equipping them with more knowledge.

Since the institution has a background of discipline and positive values, I assure you that our students will be well behaved and ready to learn.

Hopping to receive positive feedback from you.

Best regards

Christine Mathias

Director
