Dear sir/ Madam

Re: REQUEST TO CONDUCT AN EDUCATION TOUR

On behalf of Bathi management school, I am writing this letter to you for getting your permission to conduct an educational tour in your site.

We decide to give some practical education to the students about the industrial procedure on production of electricity. And for that reason we considered your firm to our best priority to carry out the study. In that that case we need your support to make our tour successful. We will be having a number of 59 students and 3 teachers.

We would appreciate if you could kindly grant us the permission. Hope you understand the need of our trip for education purpose.

Yours faithfully

Shem onsando ombogo
